Letter from Ms Marja Leena- Varpio, Chairman of Haimhauser Cultural Organisation,
for the PTO Newsletter March / April Issue

Re: Haimhauser Midsummer Night's Dream

Dear Parents,

The vibrant cultural society in Haimhausen, the home of the Bavarian International School (BIS), is holding the parents of the students in very high regards, but equally, the potential of the international business community is recognized as a highly important asset.

Over 30 years ago, the Haimhauser Cultural Organisation (HKK) established a most vivacious local cultural life, which now frequently comes to many gratifying co-operations with the BIS (such as Schloss concerts, Christmas Market, sport and other major events). Many local Haimhausen residents have recently, in November 2014, enjoyed the students' theatre production, "A Midsummer Night's Dream" in the auditorium of the BIS. It is actually a remarkably wonderful coincidence that we, too, in HKK, are going to interpret this piece. On this occasion we aspire to include our international community even stronger into our cultural events.

One excellent opportunity to do this will, for instance, be in late June / early July 2015. During this period, the, in both the public and the press, highly regarded theatre ensemble of Haimhauser Cultural Organisation, will perform a "Haimhauser Midsummer Night's Dream" (by William Shakespeare). The play will be staged on eight nights, taking place in Haniel Theatre Barn, right next to BIS car park. Details and background to the play and the actors can be found on our own specially designed website www.haimhauser-sommernachtstraum.de

Many BIS parents and students are going to come. However, our suggestion and experience is that for managers and companies, these performances can be a welcome opportunity to entertain their business associates, customers, employees, suppliers or friends with an exciting, cheerful and stimulating theatre experience. You can reserve one or more tables, for eight people each, in the theatre barn and simultaneously treat your guests to typical local Bavarian culinary specialities and drinks. The performance and the atmospheric ambience will be a memorable experience for your guests and is bound to brighten up any communication.

Hopefully we have triggered your interest and would of course be very pleased to help you out. If you have questions about reservations, dates and prices, please contact our production manager, Mr Sepp Heigl: Phone: 0172/780 78 98 Email: josefheigl@gmx.de

Warmest regards,
Ms Marja-Leena Varpio
Chairman, Haimhauser Cultural Organization
